

Installing PaperCut Blueprint BW and Color Queues on a Student Mac

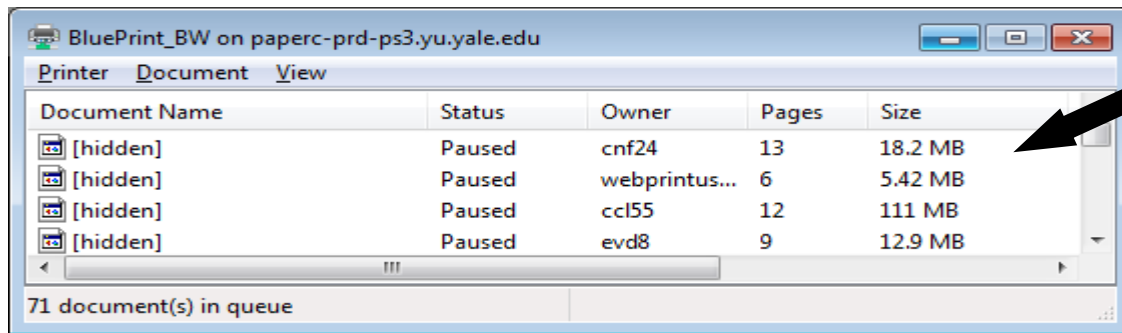

-Logon to <http://ypps.yale.edu/>. Click on 'Blueprint'. Click on 'Queue Set-up' in 'Student Printing' section. Click on Mac.

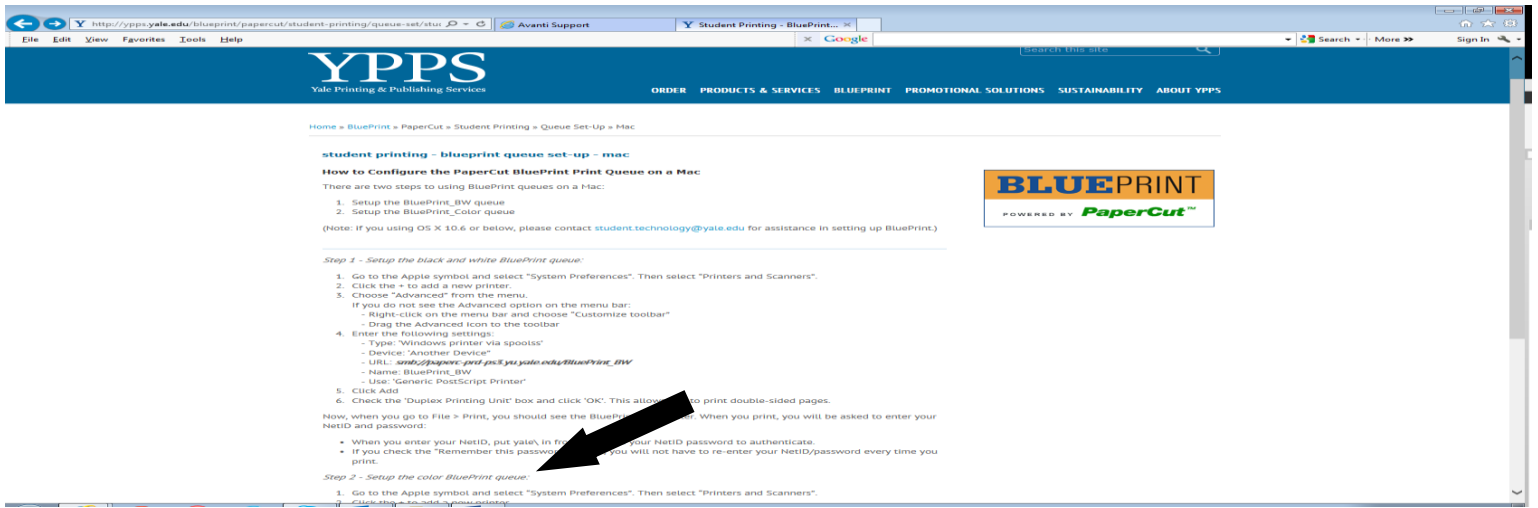

-Read and follow Step 1 of the instructions to install the Blueprint BW queue.

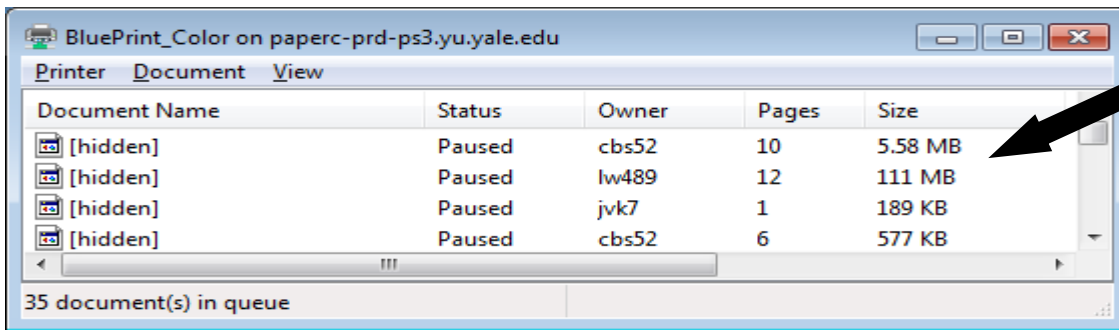

-Blueprint BW queue will load and install the required print drivers. The Blueprint_BW queue jobs window will appear when install is done.

-Read and follow Step 2 of the instructions to install the Blueprint Color queue.

-Blueprint Color queue will load and install the required print drivers. The Blueprint_Color queue jobs window should appear when install is done.

-Blueprint_BW and Blueprint_Color queues are now available for printing.
